

Visu Demo Overlay

The software package “Visu Demo Overlay” includes a sample project which shows and uses the feature overlay for the webvisualization.

This example is now available for you in [CODESYS Forge](#).

Product description

Licensing:

No license is required.

Example:

In the projects, the features of overlay are used: * Overlay of NativeControls (e.g. Browser/Camera) * Smooth animation done in the client

The project shows a system control in a short form. Focus is on the animation of dialogs and the menu.

Menü “Overview”

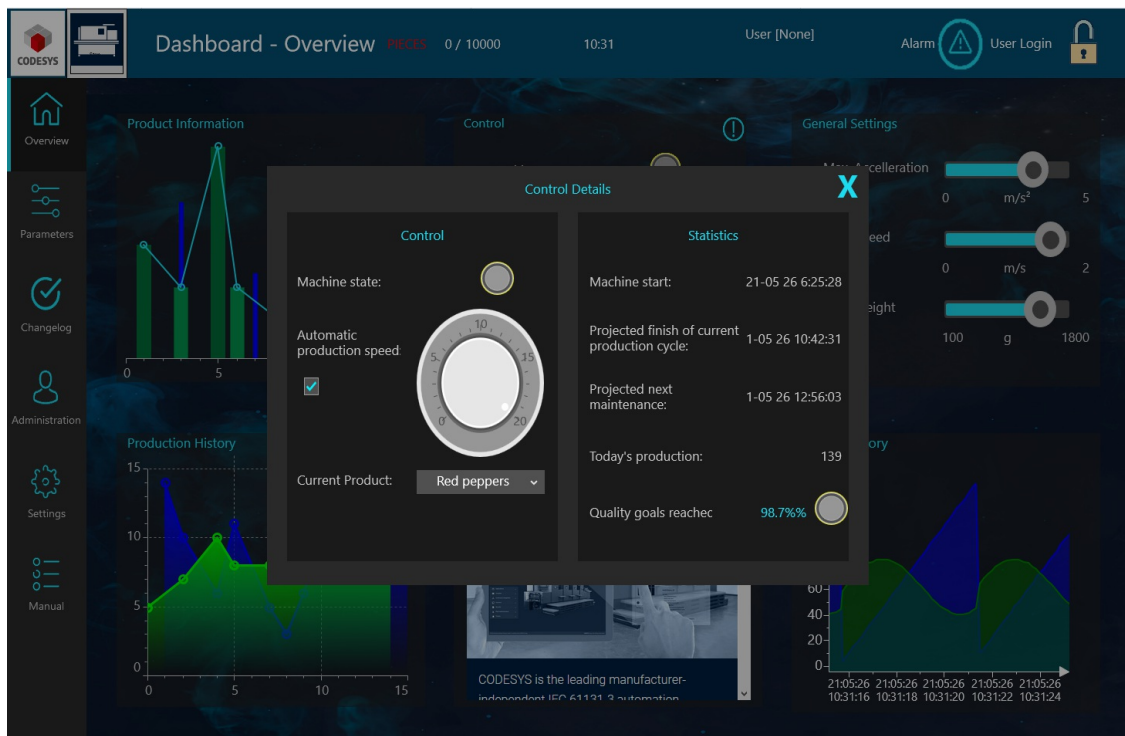

Startpage of the project

The tiles can be moved by drag&drop. Click on one of the headers like “Product Information” and move it on another tile / header, like “Control”.

Move tiles

The dialogs open above all other elements, even the webbrowser. Just open a dialog via the ! symbol.

Open dialog

Header area

Login a user by username: a and password: a.

Alarms can be displayed in the alarmtable via the icon. By click below the table it will vanish.
