Pricing CODESYS Automation Server 2021

Our IIoT platform will continue to be available in the CODESYS Store without a monthly basic fee. This allows you to check out the performance of the Server in a very simple way and without liabilities.

Your free access includes two registered PLCs, a Data Analyzer evaluation project, 100 GB of cloud storage and traffic for each PLC, and a Support Ticket that entitles you to free assistance when setting up your Automation Server.

It is only starting from the third registered PLC that you are charged 3.49 € per PLC per month.

Please find an overview of all services and costs in the following tables.

All the prices quoted are net and subject to VAT at the standard rate.
